## Fluoridation Merit Award

The ASTDD, ADA, and CDC Fluorides Awards Committee is pleased to present our 2023 Fluoridation Merit Award, given to recognize an outstanding contribution toward the progress of fluoridation, to:

### **Gwen Sullentrup**

**Serving as the Community Water Fluoridation and Dental Sealant Coordinator in the Office of Dental Health for the State of Missouri's Department of Health and Senior Services, Gwen has led efforts across Missouri to establish a successful approach to fluoridation. She has developed several innovative efforts and is leading the process at the local level to increase the percentage of Missouri residents receiving optimal fluoride levels. This award recognizes Gwen's commitment, persistence, creativity, and relationship-based approach, which in collaboration with partners and stakeholders has turned the tide on the CWF conversation in her state.**
