

## Fluoride Varnish Program Catalog - Results of 2015-2016 Survey

This catalog contains information about the use of fluoride varnish in elementary schools, kindergarten through grade 12 in school year 2015-2016. The responders defined the use of fluoride varnish and/or having a fluoride varnish program differently, and answered accordingly. For example some programs did not answer 'yes' if they used fluoride varnish in addition to a sealant program. Some programs answered, yes, indicating fluoride varnish was not used in elementary schools. We were not able to clearly identify programs that offered only fluoride varnish. The number of programs and contacts may have change.

**\*2017 ASTDD Synopses of State Dental Public Health Programs Data For FY 2015-2016**

State	Description
ALABAMA	Early Head Start and Head Start programs
ALASKA	Limited - Coverage in Medicaid but not a formal ongoing program - OHP has assisted some trainings.
ARKANSAS	Paint A Smile program hired two PR dental hygienists to visit family practice and pediatric offices.
DELAWARE	Fluoride varnish is included in the sealant program
DISTRICT OF COLUMBIA	Fluoride varnishes are provided through our School-Based Preventive Oral Health Program. Services are provided to public schools and some independent early childhood education centers/Head Start Programs.
FLORIDA	50 CHD Dental Programs provided 117,351 clients aged 0-20 years with fluoride varnish applications (CDT Code D1206) in CY 2016. (Source: HMS)
GEORGIA	Includes Head Start, school based programs, and clinical
IDAHO	Application of fluoride varnish, oral health education, and dental home referral if needed. Services are delivered in childcare settings.
IOWA	The I-Smile and I-Smile@ School programs include fluoride varnish as a preventive service.
LOUISIANA	Summer camp project with Girls and Boys Club and back-to-school event coordinated by hospital system.
MASSACHUSETTS	Part of SEAL school-based dental program
MICHIGAN	Sponsors the Babies Too! fluoride varnish program.
MINNESOTA	Child and Teen Checkups (MN EPSDT) sites provide services to the clients.
MISSOURI	PSP provides two doses of fluoride varnish per school year for all participants.
MONTANA	Primary care outreach as part of OHP communication plan targeting high need regions. This is monitored via CMS-416 indicator 12f.
NEBRASKA	Over 80% of children in five programs received fluoride varnish.
NEW MEXICO	Fluoride varnish program targeting Head Start and other pre-school aged programs.
NORTH CAROLINA	"Into the Mouth of Babes" program provides fluoride varnish from birth - 3 1/2 years of age for at risk children.
NORTH DAKOTA	Fluoride varnish in the school based sealant program and the older adult oral health care program.
OHIO	Ohio does not have fluoride varnish program but provides the Smiles for Ohio training to teach primary care providers to do oral screenings, apply fluoride varnish and make referrals for dental care.
OKLAHOMA	FV by PH nurses in CHDs; Delta Dental Cavity Prevention Clinic; OHCA FV by non-dental providers (estimated).
TENNESSEE	Public health nurse's fluoride varnish program
TEXAS	OHP provides limited oral evaluations and preventive dental services to eligible low-income, underserved, pre-school and school-aged children.

VERMONT	The SOHP has worked with the VT AHEC to promote and conduct the From the First Tooth Fluoride Mouthrinse Training in primary medical health care practices that see children.
VIRGINIA	RSDH and public health nurses applied varnish to WIC-enrolled infants and children through the BSB program, including 274 CSHCN in Care Connection Clinics.
WEST VIRGINIA	We are currently working to expand fluoride varnish services in non-dental settings, such as with well child visits.
WISCONSIN	Fluoride varnish is applied as part of the Seal-A-Smile program.
