| ASTDD Healthy Aging Committee Members   | 1. Communicate with state oral health programs (SOHPs) regarding Older Adult (OA) Basic Screening Survey (BSS)  
   a. Verify, at least annually, updated list from ASTDD Epidemiologist of states planning, doing or having completed, an adult BSS.  
   b. Request lessons learned from states that have completed an OA BSS; add them to OA BSS Tips for Success | 1. Track and update states that have completed, or are planning, data collection on older adults oral health status. | **Short-term outcomes:**  
(Achieving knowledge, skills &/or attitude changes)  
- SOHPs will learn from other SOHPs lessons learned  
- SOHPs use lessons learned to guide their work  
- ASTDD has more comprehensive TA for OA BSS  
- Impact attitude of traditional partners, non-traditional partners and the public about the importance of oral health across the lifespan.  
- Increase knowledge of all partners and the public for improving oral health of aging population.  
- Provide advocacy resources for members regarding older adult oral health issues |
| ASTDD Resources including:  
ASTDD Healthy Aging Consultant  
ASTDD Best Practices Committee  
ASTDD Dental Public Health Resources Committee  
ASTDD Evaluation Specialist  
ASTDD Website/webmaster  
ASTDD Epidemiologist  
ASTDD Data Committee  
ASTDD Fluorides Committee  
Other committees/organizations on Healthy Aging | 2. Provide TA to SOHPs for OA BSS activities  
   a. Maintain BSS coach contact list  
   b. Provide TA and share OA BSS Tips for Success with states preparing for OA BSS | 2. Add to and update OA BSS technical assistance resources  
   a. List of BSS coaches  
   b. OA BSS Tips for Success | | |
| Primary & secondary data providing baseline/current status of Healthy Aging needs | 3. Collaborate with ASTDD Fluorides Committee to promote messaging around Community Water Fluoridation (CWF)  
   a. Work with Fluorides Committee on messaging to educate adults on the benefits of CWF across the lifespan  
   b. Participate on CWF Community of Practice (CoP) | 3. CWF educational messages created targeting adults  
HAC members provide input during CWF CoP | | |
| American Dental Association  
National Oral Health Policy Center  
CDC/NIDCR Dental, Oral and Craniofacial Data Resource Center | 4. Collaborate with the Chronic Disease Workgroup (CDW) to increase the awareness of relationship of oral health to chronic diseases across the lifespan  
   a. Participate on CDW calls  
   b. Collaborate on webinar/coffee break on opportunities for oral health programs to collaborate with chronic disease programs | 4. Increased awareness of collaborative opportunities between oral health programs and chronic disease programs | | |
| Oral Health America  
National Association of Chronic Disease Directors  
ADEA | 5. Collaborate with other committees and organizations represented on the HAC  
   a. Work with other committees and organizations on projects related to OA oral health  
   b. Place links to useful information from other committees/organizations on HAC webpage  
   c. Promote and document collaborations | 5. Enhanced collaboration with other committees and organizations | | |
| | 6. Share information on webinars, links to online resources, and news items from national organizations and federal agencies | 6. Links to resources placed on HAC webpage | | |
| | **Intermediate outcomes:**  
(Achieving behavioral changes)  
- New and revised legislation and policies that improve the oral health of aging population.  
- Improved oral health services for aging population. | | |
