- 13% were in "dental pain" identified as urgent treatment
- 61% were in need of a dentist exam and no other treatment

Founded in 2009
Future Smiles is a NV nonprofit serving school aged children with oral health knowledge and services

Teacher Comment

"I was able to see the interaction with the students and Future Smiles staff. They treated all kids with respect and spoke to each student about the importance of oral health."

Parent Comment

This program is great for folks who don't have the funds to go to the dentist. These ladies here are so fun and my girls enjoyed their visit"

Barriers Accessing Dental Treatment
