

# ASTDD School and Adolescent Oral Health Committee Logic Model 2020-2021

Last Updated: July 2020

**Mission Statement:** To promote the importance of good oral health practices that improve the oral health of school age children and adolescents through education, networking and collaborative partnerships at local, state, and national levels. The committee serves as a resource to SOHPs and others who work to ensure a strong oral health component in all school health initiatives.

**Vision:** Optimal oral health and general well-being of school age children, adolescents, and their families.

**Goal:** Promote a strong oral health component in all school and adolescent health initiatives.
