1. List any new members or subcommittee members:
   Matthew Horan and Prudence Kunyangna

2. Describe the purpose of your committee:
   The committee oversees all the activities of the Association regarding the National Oral Health Surveillance System, BRFSS, YRBS, PRAMS, the Synopses of State Dental Public Health Programs, and BSS training and technical assistance. A coordinator and various advisory groups work with committee members to accomplish all objectives. The coordinator and an additional consultant provide technical assistance and training to states on oral health assessment and surveillance. The Data Committee also assists other ASTDD Committees with their data collection activities.

3. List your recent committee accomplishments:
   • The committee completed the 2020 Synopses report, updated the 2021 Synopses questionnaire including an online submission process, worked with CDC on revisions to the children’s BSS manual in preparation for OMB/PRA review, updated the list of state added BRFSS/PRAMS questions, updated the oral health surveillance data resource guide, reviewed drafts of the national oral health data portal, updated guidance on emergency department visits for non-traumatic dental conditions, and updated the committee’s logic model and workplan.
   • Data Committee consultants (Kathy Phipps and Mike Manz) provided technical assistance on oral health surveillance issues to the following states/territories: Alabama, American Samoa, Arizona, Arkansas, Connecticut, Delaware, Florida, Georgia, Illinois, Iowa, Kansas, Louisiana, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, Pennsylvania, Rhode Island, and Wyoming.
   • Kathy Phipps actively participated on the COHSII/QIAT committee.
   • Using data from the 2020 Synopses, the committee created infographics on state-based oral health surveillance systems, collaboration with chronic disease programs, and state oral health program plans.
   • Kathy Phipps worked with the National Association of School Nurses to create guidance on school dental screenings during COVID-19.
   • Kathy Phipps presented a webinar on oral health issues for CSTE’s CD/MCH/OH Committee.

4. Describe your current committee activity:
   • The 2021 Synopses questionnaire was distributed on January 4th with a due date of February 28, 2020.
   • Adam Barefoot and Kathy Phipps are working on the data dissemination BPAR.

5. Describe the future activities planned by your committee:
   The Committee will be assisting with the 2021 Synopses reports and the data dissemination BPAR.

6. Describe any subcommittees your committee uses, their roles and activities:
   None

7. List any unmet needs of your committee (e.g., members, funding, etc.): None
